

**All children must be accompanied and supervised by an adult who has duty of care for the children. You enter the farm at your own risk and remain responsible for the children whilst on site.**

**Allergies:** We have several animals on our farm including pigs, sheep, goats, chickens, the occasional snake and bees (please notify us if you or your child is allergic). There are also some macadamia trees on site. So, please pack your EpiPens and keep them with you at all times.

**Accessibility:** The farm is not accessible by pram, stroller, wheelchair or mobility scooter.

**Terrain:** The farm is quite steep in places, gets very muddy after rain, and there are lots of uneven surfaces, so only book your tickets if you feel confident that you can traverse our unique site. View a video of the site [here](#) if you're unsure.

**Everyone will need to wear:**

- *Enclosed shoes or boots – sorry no thongs on sandals as we have ants, occasional snakes and other creepy crawlies on the farm*
- *Sunhat and sunscreen or rain gear including gumboots (please check the forecast)*
- *Water to drink*
- *Clothes you don't mind getting dirty (and maybe a change of clothes just in case)*

**Weather:** Please note that if the weather has been particularly wet the farm might be muddy and wet so make sure to dress appropriately. We don't cancel tours in wet weather (unless it's a dangerous storm) as getting wet or muddy is all part of the fun!

**Cancellation policy:** Cancellations more than 1 week before the tour will be fully refunded. Cancellations up to 48 hours before the tour will be 50% refunded. Cancellations less than 48 hours before the tour will not be refunded. You can cancel by emailing [enquiries@green-connect.com.au](mailto:enquiries@green-connect.com.au)
